**Special Education**

Your child can stay a few hours or all day!

*We love kids...and it shows!*

A FREE service to qualified families!

# Why should I choose Caring Corner

(So glad you asked!)

Founded in 2003 Pediatric Day Health Care Centers (PDHC) have served as a revolutionary approach in fulfilling nursing needs, child care requirements and case management of Medically Fragile children. Locally owned and operated by Darlyn Baker, RN, whose 43 years of nursing experience prompted her to open the Care Center, largely in response to a nursing shortage in pediatric home care.

Darlyn Baker, RN,  
"Leadership Award" recipient  
Assoc. of CA Nurse Leaders

## No CHARGE to qualified families

- ♡ Supplement Home Nursing Care  
*Allowing your child to socialize*
- ♡ Alternative to Home Nursing Care  
*When pediatric nurses are unavailable*
- ♡ Special Education Program
- ♡ Respite Care
- ♡ After School Care
- ♡ Full Time Care

## Who qualifies?

Medically Fragile Children ages birth to 21 years old who are either Medically at Risk, Medically Dependent, or Technology Dependent.

## Availability...

The Care Center is open Monday through Saturday, Spring Break, Winter Break, Summer Vacation and most school holidays.

## Quality care for your medically fragile child

When traditional daycares fail to meet the special needs of your child, Caring Corner is here to help. At our Care Center children receive treatment in a safe, cheerful, and nurturing environment designed especially for them.

<i>Metabolic Disorders</i>	<i>Reflux Disorders</i>

## Customized care for your child

Like you, we recognize your child is unique. You can count on our dedicated pediatric nursing staff to know and understand your child as an individual, immediately respond to healthcare needs, and interact in a kind and caring manner. Working directly with you and your family physician to create a customized care plan.

We support parents in advocating for their child by guiding them through a network of resources and community organizations. Occupational, Speech, and Physical Therapists, Medical Social Workers, and other skilled professionals are encouraged to visit children on site.
